

April 3, 2020

Dear Parents,

As the recent order to “shelter in place” has come out for our State and with much thought, we have made the difficult decision to temporarily close our childcare centers. We have, and continue to, closely monitor and following the advice of public health authorities, and the time has come for us to take this step.

As always, the safety and health of our children and staff is always our top priority. We have been fortunate to have been able to stay open as long as we have, but feel in order to protect our staff and children we have had to make the difficult decision to close.

We will be closed from April 6, 2020 and reopen Tuesday, April 14, 2020.

I understand that this decision will have an impact in your daily routine; we are sorry and hope you can understand but we feel this is the best decision for your children, our staff and the community as a whole.

If the Governor deems it necessary to extend the order or any other issues arise, we may need to extend our closure. Please continue to monitor Facebook or contact us via messenger or email for any additional updates, questions or concerns.

Thank you, we are grateful for your patronage. Please stay safe.
